June 2016 Hagemann Letter.pdf
Kang 2016 Salinity of deep groundwater in CA - Water quan qual protection.pdf

I saved two of the files – Matt Hagemann's letter and a copy of the scientific paper that was discussed on the AE petitioners call. I can open both, so let me know if they still do not work. [The third file is just a copy of a prior CBD letter]

I haven't been able to open this PDF (says it's damaged attachment) – any chance you can save it and resend at some point?

Thanks!
